

BLOODVILLE SUPERHEROES

Human blood is pretty darn cool and does very important work...it's somewhat of a **superhero!**

Pick one of the following blood components and create a superhero character out of it. Make sure your design considers what important skills this component has!

Circle or highlight the component you are going to superhero-ify!

- LEUKOCYTES
- AGRANULOCYTES
- EOSINOPHIL
- ERYTHROCYTES
- LYMPHOCYTE
- BASOPHIL
- HEMOGLOBIN
- MACROPHAGE
- THROMBOCYTES
- GRANULOOCYTES
- NEUTROPHIL

REQUIREMENTS CHECKLIST

	<p>PUT SOME EFFORT INTO YOUR ART! You do not have to be an amazingly talented artist, but you DO have to be creative and unique!</p>
	<p>INCLUDE 5 CHARACTERISTICS This should be done around your drawing – arrows pointing to different details or dialogue bubbles!</p>
	<p>SCIENTIFIC ACCURACY Use our lessons! Use the internet!</p>
	<p>FUN SUPERHERO NAME This might be the most important part! 😊</p>
	<p>GOOD USE OF CLASS TIME & IN ON TIME Let me know if you need extra time.</p>
