

FRINGE SCIENCE INQUIRY

Fringe science is an inquiry in an established field of study which departs significantly from mainstream theories in that field and is questionable by the mainstream.

TASK

Your task is to share a fringe science idea of interest to you.

You will be scheduled to share your research on a Friday between February and May. You are responsible for researching and compiling your research in a timely manner with your schedule.

Your presentation might include:

- PowerPoint / Prezi / Nearpod / Kahoot
- Video
- Images
- Demonstrations / Experiments

Intent

Your intent is to broaden our understanding of science, inspire creative scientific thinking, and think critically about the concept.

Criteria

As a class, we will develop a rubric to assess our presentations.

We will ensure to be respectful audience members to those presenting.

Audience members will be required to comment on the presenter's project and ask questions.

Please share your projects online through Office 365 or through email.

- Open Office 365 online (first.last@sunrisesd.student.ca)
- Click the share button (arrow in square)
- Search for Hadley Burns + send
- OR email hburns@sunrisesd.ca

MY TOPIC Ideas

A large, empty rounded rectangular box with a thin black border, intended for writing down topic ideas.

MY FINAL TOPIC CHOICE

A horizontal, empty rounded rectangular box with a thin black border, intended for writing the final topic choice.

MY SCHEDULED SHARING DATE

A horizontal, empty rounded rectangular box with a thin black border, intended for writing the scheduled sharing date.
