

Hello Everyone!

This is the last letter and package I am sending you for this school year!

A reminder that ALL work must be handed in by **JUNE 19TH**.

What a whirlwind adventure the past few months have been.

I am proud of you.

I am proud of you for doing your best during the chaos.

I am proud of you for staying home. And staying safe.

I am proud of you for being flexible with learning from home.

I am proud of you for trying to find balance.

I am proud of you for asking for help. And for helping others.

I am proud of you for your flexibility and understanding of the challenges us teachers face trying to figure out how to best approach distance-learning.

I am proud of you for staying positive as the world tests you, over and over again.

As our 2019-2020 school year comes to an end, take a second to recognize that you have made it through a truly unprecedented, bizarre and challenging time!

You have become champions of changing your normal routines and rhythm of life.

It is okay to feel sad about toppled plans, or squandered opportunities. The future is still fuzzy and uncertain... but we are given this rare opportunity to slow down and see the world with fresh eyes.

I hope you take this opportunity to stop. Observe. Recognize the beauty in slowing down, and seize this occasion to hit "refresh" on life.

I usually love teaching you all in June. We get outside to learn often, and we get to amalgamate and show off all we have learnt. It's a good time.

In lieu of being together for the June fun-times, I challenge you (AGAIN!) to get outside and enjoy the sunshine! Fresh air, and the sweeeet sweeeeeeet sunshine do a whole bunch of good for our spirit, mind and body!

Have a happy and healthy summer! I can't wait to see you all again.

Ms Burns

9 Math

From now until June 19th please:

- Complete as much Math as your life-balance allows!**
- Hand-in EVERYTHING that is complete (before June 19th)**
- Hand in all library books and textbooks**
- Beaver Computing Challenge** (this is your final Math assignments for this year! It is a multiple-choice problem-solving challenge that tests all of your logic, reasoning and puzzle-solving skills!)
